Excerpt: . lectures on surgery.1 by davib W. chertbb, M.D., Professor of Surgery in Harvard University. L general considerations. We are going to speak of some of the general considerations in surgery, not by any means that this is your first instruction in that branch, but because as the beginning of a systematic course it seems proper to review the general subject. One might say that by the brilliancy of modern surgery, by its triumphs and by its boldness there was danger of being led away from the first and soundest principles of conservatism, which should make one prefer to avoid an operation rather than to do it, if that were equally beneficial to the patient. Now there is a great charm about surgery, because it is visible and tangible and demonstrable, and also because we know at once when we have done right and...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
