Active Experiences for Active Children: Science (3rd Revised edition)

By Carol Seefeldt, Alice R. Galper, Ithel Jones

Pearson Education (US). Paperback. Book Condition: new. BRAND NEW, Active Experiences for Active Children: Science (3rd Revised edition), Carol Seefeldt, Alice R. Galper, Ithel Jones, Part of a series of texts, Active Experiences for Active Children: Science, Third Edition, is unique to the market by providing a theoretical foundation for teaching science to preschoolers and primary-grade children alongside meaningful, standards-based, constructivist, hands-on learning "experiences" to guide teachers in their practice. Organized around the National Science Education Standards and the Benchmarks for Science Literacy, the text consists of clear, concise, usable guides for planning meaningful learning experiences in science for children in childcare settings, preschool programs, Head Start and other federally funded programs, and kindergarten. Primary-grade children should be engaged in active experiential learning as well, and each experience is extended to the early primary grades (grades 1-3). The experiences in this book are meaningful because they: * are grounded in children's interests and needs in their here-and-now world. * have integrity in terms of content key to science. * involve children in group work, investigations, or projects based on inquiry learning. * have continuity: One experience builds on another, forming a complete, coherent, integrated learning curriculum for young children as well...
